

## St. Joseph's College For Women: Various Programme Outcomes

- 1. B.Ed. (2-year Program) :** The B.Ed. course is designed to integrate the study of subject knowledge, human development, and pedagogic knowledge and communication skills. The program comprises of three broad curricular areas: Foundations of Education, Curriculum and Pedagogic Studies and Engagement with the field. The courses under each of these curricular areas are based on a close reading of original writings, seminar/term paper presentations and continuous engagement with the field. Transaction of the courses is to be done using a variety of approaches, such as, case studies, discussions on reflective journals, observations of children, and interactions with the community in multiple socio-cultural environments.
  
- 2. B.A. (Bachelor of Arts):** The B.A. course provides an education in variety of contexts. BA aims to offer education that is accessible to students with a wide range of educational backgrounds and professional and personal circumstances. This course offers a rich variety of subjects and helps to understand how cultural, historical, geographical, political, linguistic, and environmental forces shape the world and recognize the role of the individual within communities to effect change. The course also incorporates a variety of modes of learning and teaching.
  
- 3. B. Sc. (Bachelor of Science):** Students graduating with the B.Sc. degree should be able to acquire capability of demonstrating comprehensive knowledge of B.Sc. program. The students would develop ability to employ critical thinking in understanding the concepts in every area of B.Sc. program. Ability to analyze the results and apply them in various problems would develop. The students would develop a sense of research to predict cause-and-effect relationships. The course would make the student able to communicate various concepts of B.Sc. program effectively using examples and their geometrical visualizations. This program will also help students to enhance their employability for jobs in different sectors.
