## Workshop for Teachers

In this meeting the teaching staff was given training on how to operate the audio visual theatre. The staff was made aware of the benefits of the audio visual room in the development of students. This meeting was headed by Mr Ajit. He made the teachers aware about all the different platforms that could be used on the interactive screen for making learning easier and fun for the students, he also mentioned that any topic introduced or taught with the help of audio visual AIDS will create a long term impact on the students. The teachers were requested to use the AV theatre frequently for the maximum benefit of students.
